

# SPORTS CAREER ACADEMY

Studying sport at **BASE** puts you on a structured pathway towards careers in the sporting sector, because it includes:

- **Level 3 & 4 Sports Qualifications**
- **Industry-relevant qualifications recognised by universities and employers.**
- **Work experience & practical placements built into the study programme.**
- **Access to professional environments, facilities and coaching contexts.**
- **Support towards higher education or employment (coaching, PE teaching, sports management, performance support, etc.)**

The programme is designed to give students experience across a broad range of sports and physical activities. Based at **Stoke Mandeville Stadium**, learners utilise the excellent on-site facilities to participate in and develop skills in Badminton, Netball, Tennis, Basketball, Handball, Pickleball, Strength & Conditioning, Swimming, and Golf.

This multi-sport approach ensures students gain diverse practical experience, develop transferable coaching skills, and build a well-rounded understanding of the sports industry – putting them on a clear pathway toward a career in sport.

**Some career pathways you could follow include: Therapist, PE Teacher, Coach, Activity Leader, Leisure Assistant, Masseur, Nutritionist, Event Management, Sports Development, Psychologist. Media.**
