

## We are recruiting apprentice technicians for our vehicle repair centres this Summer!!

Fix Auto are looking for female and male candidates for our fantastic Accident Repair Technician Apprenticeship Vacancies.

### Look at this!

- ❖ **Fantastic earnings potential** once you are qualified and have a few years' experience – top technicians in the industry earn well over £50k per year!
- ❖ Brilliant career opportunities – once you know how to repair a car professionally, you can work towards **hundreds of different career destinations**
- ❖ **Earn while you learn** and start saving for your dream car, fabulous holidays, your first home...
- ❖ Work with a brilliant team of passionate people who will help and support you all the way
- ❖ Lots of different incentives that **reward your hard work and achievements**
- ❖ Learn how to put an accident damaged car back together and looking new again
- ❖ **Every day is different!** At any time, you could be repairing any vehicle - BMW's, Porsche's, Ford's or even Lamborghini's
- ❖ **Gain unique skills** that make you very employable, including spray painting, panel repair & replacement and refitting mechanical and electrical parts and components
- ❖ Work in a **state-of-the-art repair facility**, using high technology equipment worth £000,000's
- ❖ Work with a **fully qualified "buddy"** helping you learn all the repair processes and equipment

#### The Role:

Your title will be **"Apprentice Vehicle Accident Repair Technician - Multiskilled"**

This is a full-time role with guaranteed employment once you have completed your apprenticeship. This Level 3 apprenticeship lasts for 3 years and you will have full training

Your chance to join a passionate, growing company – take a look and find out more about us at <https://fixauto.com/uk/en/>

#### What next?

If you are interested, you will need to join our unique Pre-Employment Programme. We will start to share information and updates with you over the next few weeks to make sure **you** feel this could be the perfect career for you. Then we will begin the Pre-Employment Programme and you will be part of a unique process to win an apprenticeship with Fix Auto!

Take the first step - email Jake at our apprentice recruitment partner – [jake@able-to.co.uk](mailto:jake@able-to.co.uk) - to register your interest and find out more about working for **Fix Auto**.

**This could be one of the best decisions of your life!**
