We know it's hard to help your child weigh up future careers when the job market has changed so massively, and there are so many different pathways you might not be aware of.

**Speakers for Schools are a youth charity offering FULLY FUNDED work experience with big-name employers like Tesco, the NHS and Bentley Motors – with 1000s of placements across the UK.**

We're passionate about giving every young person from a state school or college the chance to face their future with confidence – wherever they live, at no cost.

During our session we'll intro virtual, in-person and hybrid options, and clearly signpost how your child can access eye-opening work experience.
